Topic- Importance of Organising

Organisation is one of the basic functions of management. Organising includes establishing an appropriate structure of relationships among the various positions and individuals in the organisation.

A sound organisation structure can contribute of the success of an enterprise in more than one way. It is as a matter of fact the backbone of management. The significance of sound organisation will be clear by studying the following factors:

1. It facilitates co-ordination
- 2.It facilitates management
3. It facilitates growth & diversification
4. It provides scope for training and development for optimum use of technological innovations
5. It provides 6. It ensures an optimum use of human resources.
