Strategies for Teaching Gifted and Talented Learners

- Create alternative activities that go beyond the regular curriculum.
- Work with students to design an independent project that they would be interested in completing for credit.
- If possible, involve students in academic competitions in your area.
- Create tiered assignments, which have different expectations for different levels of learners.

Technology and Gifted and Talented Students

- Computers allow students to move at their own pace.
- Computers can be used to complete alternative activities and independent projects.

Technology and Gifted and Talented Students

- Many computer programs can be used to help students learn and master new material not covered in the regular classroom.
- There are some online educational programs for gifted and talented students, such as EPGY at Stanford University.
