Introduction

Women are the indispensable part of a society. Their education influence the coming generation. The development of future generation mainly depends upon the education of women section .So the education of women is realized to be the most essential part for the development of the society. It can help every woman to educate their children to be good manager of the family as well as the active member of the society.

Therefore it is very necessary that a mother is imbued with good qualities and acts as a guide. Thus the education of women is of great importance in our national and social life .It is the duty of the society and the government to provide adequate facilities for the education of women .Because if we educate a girl, we educate the whole family.

Role of society
